

## REMARKS

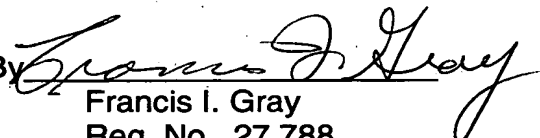

The Examiner objected to the disclosure because of informalities relating to a listing of serial numbers and filing dates of related applications. Applicants have added a section to the specification entitled "Cross-reference to Related Applications" which lists serial numbers and filing dates of related applications. Therefore the Examiner's objection is rendered moot.

The Examiner rejected claims 5 and 7 under 35 U.S.C. 102(b) as being anticipated by Hallee et al ("Hallee"); rejected claim 8 under 35 U.S.C. 103(a) as being unpatentable over Hallee in view of Kimura et al ("Kimura"); and objected to claim 6 as depending upon a rejected base claim. Applicant has incorporated the limitations of claim 6 (now canceled) into amended claim 5 from which claims 7 and 8 depend, rendering the Examiner's rejection of these claims moot. Therefore claims 5, 7 and 8 are deemed to be in allowable form.

In view of the foregoing amendment and remarks allowance of claims 5, 7 and 8 is urged, and such action and the issuance of this case are requested.

Respectfully submitted,

OLAF HOFFMANN et al
